

Children and Adolescent Access to Primary Care Practitioners (CAP)

The measure includes children 12-24 months of age who were continuously enrolled in Louisiana Medicaid during the measurement year. The rate (percentage) shows how many of these children had a visit with a primary care provider (PCP) during that year.

Notes:

- Rates shown are for Medicaid-only recipients.
- Rates shown for 2006 through 2011 exclude Medicare dual eligibles and third-party liability.
- Claims for 2006 through 2011 have a 6-month claim lag.
- Definition of primary care providers includes clinics or group practices.
